Mission with a Vision

A land of milk and honey,
A land blessed with plenty,
It doesn’t makes any sense,
On others, still we depend.

The fish that we eat,
To reach us! It takes weeks,
In spite of having a choice,
Not willing to raise our voice.

Bridge –
Poisoning and random killing,
Mother earth is weeping,
What a pity! A tragedy,
Leaving behind a dead legacy.

Chorus. It’s time to stop!
   It’s time to wake up!
   Move forward with a vision,
   Start with the Aqua Mission.

Spoken –
Be not just a consumer!
Be a producer!
Dependence to self sufficiency,
Turn this dream into reality.

Uplifting economy,
It’s Mission priority,
Development a goal,
Aqua Mission will play its role.
