

Instructions on data collection and data entry operation

1. All fields are mandatory, except for Mobile No. and Email Address. However, these two fields are equally important as all the other fields.
2. Note that a number has been assigned to column 3 & 11. This means you can fill the form using codes. For example, in column 3 you can fill in 3(A) instead of writing ‘South West Khasi Hills/Mawkyrwat’. In column 11, you can fill in II(A) instead of writing ‘MSAM’.
3. The proximity between two GPS reference points cannot be less than 99 meters on the latitude or the longitude.
4. If for some reason the above proximity cannot be achieved, the Data Entry Operator or Data Collector should contact the State Data Manager for instruction.
5. Care must be taken while collecting data as the system would automatically reject any odd figures. For example, a feed mill cannot produce feed more than 13MT monthly or an 8 digits mobile no.
6. Year of production should be based on the financial year i.e. 1st April to 31st March of the next year. For example, a production made during the month of December, 2012 falls under the financial year 2012-13.
7. Project/Pond Identification Number (PIN) will be automatically generated by the system.
8. If there are any technical issues, contact the State Data Manager immediately or send an email to ffdameghalaya@gmail.com so as to prevent any unnecessary delay.

Form fill-in reference

Value		(A)	(B)	(C)	(D)	(E)	(F)	(G)	(H)	(I)	(J)	(K)
I	1 East Khasi Hills	Shella	Mawsynram	Mawphlang	Mylliem	Mawryngkneng	Mawkynrew	Laitkroh	Pynursla			
	2 West Khasi Hills	Nongstion	Mawthadraishan	Mairang	Mawshynrut							
	3 South West Khasi Hills	Mawkyrwat	Ranikor									
	4 East Jaintia Hills	Khliehriat	Saipung
